

NIVEDHANA S

📞 8680814368 ✉️ nivedhanasakthivel@gmail.com [in linkedin](#) [github](#)

OBJECTIVE

Aspiring Software Developer with strong problem-solving skills and hands-on experience in building scalable, responsive web applications. Eager to contribute to high-quality software solutions while continuously learning and improving performance and user experience.

EDUCATION

Sri Ramakrishna Institute of Technology

2020 – 2024

B.E Computer Science and Engineering

CGPA: 8.0/10.0

SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3

Backend: Node.js, Express.js

Web Services: RESTful APIs, Axios, Firebase APIs

Mobile Development: Flutter, Dart, Firebase

Databases: MySQL, MongoDB

Tools: Git/GitHub, VS Code, Android Studio

Other: State Management (React Hooks, Context API, setState), Debugging, Cross-browser Compatibility

PROJECTS

Daily Expense Log (React.js,Node.js, Express.js, MongoDB)

- Built a responsive expense tracking application using React with state management (Hooks) for seamless navigation.
- Integrated RESTful APIs for CRUD operations (add, update, retrieve, delete expenses).
- Stored configuration securely using .env and ensured clean, modular code structure.

Taxi Booking App (Flutter, Firebase, Google Maps API)

- Created a taxi booking app with real-time ride tracking, fare estimation, and secure payments.
- Integrated Google Maps API for navigation and Firebase Firestore for backend operations.

Habit Tracker (React.js,Node.js, Express.js, MongoDB,RESTful APIs)

- Developed a habit tracking web app with a MongoDB backend and React frontend
- Integrated RESTful APIs for CRUD functionality and used Axios for client-server communication.
- Focused on data validation, API error handling, and optimized the UI for responsiveness.

INTERNSHIP

Blackstone Infomatics

Software Developer Intern (Onsite)

- Worked on a real-time taxi booking application, implementing UI features, ride tracking, and location services.
- Collaborated with cross-functional teams to enhance application functionality and optimize performance.
- Gained hands-on experience in debugging, testing, and improving user interface design.

CERTIFICATES

Web Development with MERN Stack – Ongoing (Udemy)

Dart and Flutter (2024) – Completed (Udemy)

Business English Certificate – Preliminary Exam (Score: 136)
